NOTE 1. BASIS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As described elsewhere in this Quarterly Report on Form 10-Q, the Coronavirus Disease ("COVID-19") pandemic and the rampant increase in inflation has led to significant market uncertainty and disruption and has impacted many aspects of our operations, directly and indirectly. Throughout these notes to the condensed consolidated financial statements, the impacts of the COVID-19 pandemic and inflation on the financial results for the three months ended March 31, 2023 and 2022 have been identified under the respective sections. For a discussion of customer payment trends and significant estimates made by management regarding allowances for lease merchandise, accounts receivable, and loans receivable, as well as the impacts COVID-19, inflation, and supply chain disruptions had on generating lease and loan originations during the reportable periods, see Item 2. "Management's Discussion and Analysis of Financial Condition and Results of Operations," including the "Macroeconomic and Business Environment," "Results of Operations," and "Liquidity and Capital Resources" below.

Description of Business

PROG Holdings, Inc. ("we," "our," "us," the "Company," or "PROG Holdings") is a financial technology holding company that provides transparent and competitive payment options to consumers. PROG Holdings has two reportable segments: (i) Progressive Leasing, an in-store, app-based, and e-commerce point-of-sale lease-to-own solutions provider; and (ii) Vive Financial ("Vive"), an omnichannel provider of second-look revolving credit products.

Our Progressive Leasing segment provides consumers with lease-purchase solutions through its point-of-sale partner locations and e-commerce website partners in the United States (collectively, "POS partners"). It does so by purchasing merchandise from the POS partners desired by customers and, in turn, leasing that merchandise to the customers through a cancellable lease-to-own transaction. Progressive Leasing has no stores of its own, but rather offers lease-purchase solutions to the customers of traditional and e-commerce retailers.

Our Vive segment primarily serves customers that may not qualify for traditional prime lending offers who desire to purchase goods and services from participating merchants. Vive offers customized programs, with services that include revolving loans through private label and Vive-branded credit cards. Vive's current network of POS partner locations and e-commerce websites includes furniture, mattresses, home exercise equipment, and home improvement retailers, as well as medical and dental service providers.

PROG Holdings' ecosystem of financial technology offerings also includes Four Technologies, Inc. ("Four"), an innovative Buy Now, Pay Later ("BNPL") company that allows shoppers to pay for merchandise through four interest-free installments. Shoppers use Four to purchase furniture, clothing, electronics, health and beauty products, footwear, jewelry, and other consumer goods from retailers across the United States. Four is not a reportable segment for the three month period ended March 31, 2023 as its financial results are not material to the Company's condensed consolidated financial results.

Basis of Presentation

The preparation of the Company's condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") for interim financial information requires management to make estimates and assumptions that affect the amounts reported in these condensed consolidated financial statements and accompanying notes. Actual results could differ from those estimates. Management does not believe these estimates or assumptions will change significantly in the future absent unidentified and unforeseen events, such as the possible direct or indirect impacts associated with the COVID-19 pandemic, increasing inflation, increasing unemployment rates, and/or a prolonged recession in the United States.

The accompanying unaudited condensed consolidated financial statements do not include all information required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments, which are of a normal recurring nature, considered necessary for a fair presentation have been included in the accompanying unaudited condensed consolidated financial statements. These condensed consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2022 (the "2022 Annual Report") filed with the United States Securities and Exchange Commission on February 22, 2023. The results of operations for the three months ended March 31, 2023 are not necessarily indicative of operating results for the full year.

Principles of Consolidation

The condensed consolidated financial statements include the accounts of PROG Holdings, Inc. and its subsidiaries, each of which is wholly-owned. Intercompany balances and transactions between consolidated entities have been eliminated.

PROG HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Accounting Policies and Estimates

See Note 1 to the consolidated financial statements in the 2022 Annual Report for an expanded discussion of accounting policies and estimates.

Earnings Per Share

Earnings per share is computed by dividing net earnings by the weighted average number of shares of common stock outstanding during the period. The computation of earnings per share assuming dilution includes the dilutive effect of stock options, restricted stock units ("RSUs"), restricted stock awards ("RSAs"), performance share units ("PSUs") and awards issuable under the Company's employee stock purchase plan ("ESPP") (collectively, "share-based awards") as determined under the treasury stock method. The following table shows the calculation of dilutive share-based awards:

(Shares In Thousands)	Three Months Ended March 31,	
	2023	2022
Weighted Average Shares Outstanding	47,854	55,402
Dilutive Effect of Share-Based Awards	285	304
Weighted Average Shares Outstanding Assuming Dilution	48,139	55,706

Approximately 1,209,000 and 1,087,000 weighted-average share-based awards were excluded from the computation of earnings per share assuming dilution during the three months ended March 31, 2023 and 2022, respectively, as the awards would have been anti-dilutive for the periods presented.

Revenue Recognition

Lease Revenues and Fees

Progressive Leasing provides merchandise, consisting primarily of furniture, appliances, electronics, jewelry, mobile phones and accessories, mattresses, automobile electronics and accessories, and a variety of other products, to its customers for lease under terms agreed to by the customer. Progressive Leasing offers customers of traditional and e-commerce retailers a lease-purchase solution through leases with payment terms that can generally be renewed up to 12 months. Progressive Leasing does not require deposits upon inception of customer agreements. The customer has the right to acquire ownership either through early buyout options or through payment of all required lease payments. The agreements are cancellable at any time by either party without penalty.

All of Progressive Leasing's customer agreements are considered operating leases. The Company maintains ownership of the lease merchandise until all payment obligations are satisfied under the lease ownership agreements. Initial lease payments made by the customer upon lease execution are recognized as deferred revenue and are amortized as lease revenue over the estimated lease term on a straight-line basis. Initial lease payments and other payments collected in advance of being due or earned are recognized as deferred revenue within customer deposits and advance payments in the accompanying condensed consolidated balance sheets. All other customer lease billings are earned prior to the lease payment due date and are recorded net of related sales taxes as earned. Payment due date terms include weekly, bi-weekly, semi-monthly and monthly frequencies. Revenue recorded prior to the payment due date results in unbilled receivables recognized in accounts receivable, net of allowances, in the accompanying condensed consolidated balance sheets. Lease revenues are recorded net of a provision for uncollectible renewal payments.

Initial direct costs related to lease purchase agreements are capitalized as incurred and amortized as operating expense over the estimated lease term. The capitalized costs have been classified within prepaid expenses and other assets in the accompanying condensed consolidated balance sheets.

Interest and Fees on Loans Receivable

Interest and fees on loans receivable is primarily generated from our Vive segment. Vive extends or declines credit to an applicant through its bank partners based upon the applicant's credit rating and other factors. Qualifying applicants are approved for a specified maximum revolving credit card line to finance their initial purchase and to use in subsequent purchases at the merchant or other participating merchants for an initial 24-month period, which Vive may renew if the cardholder remains in good standing.

Vive acquires the loan receivable from its third-party bank partners at a discount from the face value of the loan. The discount is comprised of a merchant fee discount and a promotional fee discount, if applicable.

PROG HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The merchant fee discount represents a pre-negotiated, nonrefundable discount that generally ranges from 3% to 25% of the loan face value. The discount is designed to cover the risk of loss related to the portfolio of cardholder charges and Vive's direct origination costs. The merchant fee discount and origination costs are presented net in the condensed consolidated balance sheets in loans receivable. Cardholders generally have an initial 24-month period that the card is active. The merchant fee discount, net of the origination costs, is amortized on a net basis and is recorded as interest and fees on loans receivable in the condensed consolidated statements of earnings on a straight-line basis over the initial 24-month period. If the loan receivable is paid off or charged off during the 24-month period, the remaining net merchant fee discount is recognized as interest and fees on loans receivable at that time.

The discount from the face value of the loan on the acquisition of the loan receivable from the merchant through the third-party bank partners may also include a promotional fee discount, which generally ranges from 1% to 8%. The promotional fee discount is intended to compensate the holder of the loan receivable (i.e., Vive) for deferred or reduced interest rates that are offered to the cardholder for a specified period on the outstanding loan balance (generally for six, 12 or 18 months). The promotional fee discount is amortized as interest and fees on loans receivable in the condensed consolidated statements of earnings on a straight-line basis over the promotional interest period (i.e., over six, 12 or 18 months, depending on the promotion). If the loan receivable is paid off or charged off prior to the expiration of the promotional period, the remaining promotional fee discount is recognized as interest and fees on loans receivable at that time. The unamortized promotional fee discount is presented net within loans receivable in the condensed consolidated balance sheets.

The customer is typically required to make monthly minimum payments of at least 3.5% of the outstanding loan balance, which includes outstanding interest. Fixed and variable interest rates, typically 27% to 35.99%, are compounded daily for cards that do not qualify for deferred or reduced interest promotional periods. Interest income, which is recognized based upon the amount of the loans outstanding, is recognized as interest and fees on loans receivable when earned if collectibility is reasonably assured. For credit cards that provide deferred interest, if the balance is not paid off during the promotional period or if the cardholder defaults, interest is billed to the customers at standard rates and the cumulative amount owed is charged to the cardholder account in the month that the promotional period expires. The Company recognizes interest revenue during the promotional period based on its historical experience related to cardholders that fail to pay off balances during the promotional period if collectibility is reasonably assured.

Annual fees are charged to cardholders at the commencement of the loan and on each subsequent anniversary date. Annual fees are deferred and recognized into revenue on a straight-line basis over a one-year period. Under the provisions of the credit card agreements, Vive also may assess fees for missed or late payments, which are recognized as revenue in the billing period in which they are assessed if collectibility is reasonably assured. Annual fees and other fees are recognized as interest and fees on loans receivable in the condensed consolidated statements of earnings.

Accounts Receivable

Accounts receivable consist primarily of receivables due from customers of Progressive Leasing and amounted to \$55.8 million and \$64.5 million, net of allowances, as of March 31, 2023 and December 31, 2022, respectively.

The Company maintains an accounts receivable allowance, which primarily relates to its Progressive Leasing operations and, to a lesser extent, receivables from Vive's POS partners. The Company's policy is to record an allowance for uncollectible renewal payments based on historical collection experience. Other qualitative factors, such as current and forecasted business trends, are considered in estimating the allowance. Given the significant uncertainty regarding the impacts of increasing inflation, unemployment rates, and/or the COVID-19 pandemic on our business, a high level of estimation was involved in determining the allowance as of March 31, 2023. Therefore, actual future accounts receivable write-offs may differ materially from the allowance. If the significant increase in inflation that began during 2022 continues in future periods, or if the current level of inflation does not decrease, such developments may further adversely impact certain customers' ability to continue to make payments to the Company. The provision for uncollectible renewal payments is recorded as a reduction of lease revenues and fees within the condensed consolidated statements of earnings. For customer lease agreements that are past due, the Company's policy is to write off lease receivables after 120 days.

PROG HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Vive's allowance for uncollectible merchant accounts receivable, which primarily relates to cardholder returns and refunds, and is an immaterial amount related to Vive's bad debt expense, is recorded within operating expenses in the condensed consolidated statements of earnings. See below for a discussion of Vive's loans receivable and related allowance for loan losses.

The following table shows the components of the accounts receivable allowance:

(In Thousands)	Three Months Ended March 31,	
	2023	2022
Beginning Balance	\$ 69,264	\$ 71,233
Net Book Value of Accounts Written Off	(86,064)	(92,933)
Recoveries	12,019	9,659
Accounts Receivable Provision	69,951	88,548
Ending Balance	\$ 65,170	\$ 76,507

Lease Merchandise

Progressive Leasing's merchandise consists primarily of furniture, appliances, electronics, jewelry, mobile phones and accessories, mattresses, automobile electronics and accessories, and a variety of other products, and is recorded at the lower of depreciated cost or net realizable value. Progressive Leasing depreciates lease merchandise to a 0% salvage value generally over 12 months. Depreciation is accelerated upon early buyout. All of Progressive Leasing's merchandise, net of accumulated depreciation and allowances, represents on-lease merchandise.

The Company records a provision for write-offs using the allowance method. The allowance method for lease merchandise write-offs estimates the merchandise losses incurred but not yet identified by management as of the end of the accounting period based on historical write-off experience. Other qualitative factors, such as current and forecasted customer payment trends, are considered in estimating the allowance. Given the significant uncertainty regarding the impacts of inflation, unemployment rates, and/or the COVID-19 pandemic on our business, a high level of estimation was involved in determining the allowance as of March 31, 2023. Actual lease merchandise write-offs may differ materially from the allowance as of March 31, 2023. If the significant increase in the rate of inflation that began during 2022 continues in future periods, or if the current level of inflation does not decrease, such developments may further adversely impact our customers' ability to continue to make payments to the Company. For customer lease agreements that are past due, the Company's policy is to write off lease merchandise after 120 days.

The following table shows the components of the allowance for lease merchandise write-offs, which is included within lease merchandise, net in the condensed consolidated balance sheets:

(In Thousands)	Three Months Ended March 31,	
	2023	2022
Beginning Balance	\$ 47,118	\$ 54,367
Net Book Value of Merchandise Written off	(39,432)	(47,134)
Recoveries	1,895	2,384
Provision for Write-offs	38,364	50,330
Ending Balance	\$ 47,945	\$ 59,947

Vendor Incentives and Rebates Provided to POS Partners

Progressive Leasing has agreements with some of its POS partners that require additional consideration to be paid to the POS partner, including payments for exclusivity, rebates based on lease volume originations generated through the POS partners, and payments to the POS partners for marketing or other development initiatives to promote additional lease originations through these POS partners. Payments made to POS partners as consideration for them providing exclusivity to Progressive Leasing for lease-to-own transactions with customers of the POS partner are expensed on a straight-line basis over the exclusivity term. Rebates are accrued over the period the POS partner is earning the rebate, which is typically based on quarterly or annual lease origination volumes. Payments made to POS partners for marketing or development initiatives are expensed on a straight-line basis over the period the POS partner is earning the funds or the specified marketing term. Progressive Leasing expensed \$6.8 million and \$6.5 million for such additional consideration to POS partners, during the three months ended March 31, 2023 and 2022, respectively. Expenses related to additional consideration provided to POS partners are classified within operating expenses in the condensed consolidated statements of earnings.

PROG HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Loans Receivable, Net

Gross loans receivable primarily represents the principal balances of credit card charges at Vive's participating merchants that remain due from cardholders, plus unpaid interest and fees due from cardholders. The allowance and unamortized fees represent uncollectible amounts; merchant fee discounts, net of capitalized origination costs; promotional fee discounts; and deferred annual card fees. Loans receivable, net, also includes \$2.3 million and \$5.3 million of outstanding receivables from customers of Four as of March 31, 2023 and December 31, 2022, respectively.

Economic conditions and loan performance trends are closely monitored to manage and evaluate exposure to credit risk. Trends in delinquency rates are an indicator of credit risk within the loans receivable portfolio, including the migration of loans between delinquency categories over time. Charge-off rates represent another indicator of the potential for future credit losses. The risk in the loans receivable portfolio is correlated with broad economic trends, such as current and projected unemployment rates, stock market volatility, and changes in medium and long-term risk-free rates, which are considered in determining the allowance for loan losses and can have a material effect on credit performance.

Expected lifetime losses on loans receivable are recognized upon loan acquisition, which requires the Company to make its best estimate of probable lifetime losses at the time of acquisition. Vive's credit card loans do not have contractually stated maturity dates, which requires the Company to estimate an average life of loan by analyzing historical payment trends to determine an expected remaining life of the loan balance. The Company segments its loans receivable portfolio into homogenous pools by Fair Isaac and Company ("FICO") score and by delinquency status and evaluates loans receivable collectively for impairment when similar risk characteristics exist.

The Company calculates Vive's allowance for loan losses based on internal historical loss information and incorporates observable and forecasted macroeconomic data over a twelve-month reasonable and supportable forecast period. Incorporating macroeconomic data could have a material impact on the measurement of the allowance to the extent that forecasted data changes significantly, such as higher forecasted inflation and unemployment rates. For any periods beyond the twelve-month reasonable and supportable forecast period described above, the Company reverts to using historical loss information on a straight-line basis over a period of six months and utilizes historical loss information for the remaining life of the portfolio. The Company may also consider other qualitative factors in estimating the allowance, as necessary. For the purposes of determining the allowance as of March 31, 2023, management considered other qualitative factors such as the unfavorable impact of the rapid increase in the rate of inflation that began during 2022, and the resulting current level of inflation, as well as the beneficial impact of government stimulus measures to the Company's customer base in 2020 and 2021 that were not fully factored into the macroeconomic forecasted data and resulted in internal historical loss rates incorporated in Vive's baseline allowance estimate being lower than current forecasted loss rates. We believe those stimulus measures may have contributed to the favorable cardholder payment trends experienced at Vive in 2020 and 2021. The allowance for loan losses is maintained at a level considered appropriate to cover expected future losses of principal, interest and fees on active loans in the loans receivable portfolio. The appropriateness of the allowance is evaluated at each period end. If the increase in inflation that began during 2022 continues in future periods, or if the current level of inflation does not decrease, such a development may adversely impact certain customers' ability to continue to make payments to the Company. To the extent that actual results differ from estimates of uncollectible loans receivable, due to the high level of inflation, forecasted higher unemployment rates, unexpected impacts to the economy associated with the the COVID-19 pandemic, or otherwise, the Company's results of operations and liquidity may be materially affected.

Vive's delinquent loans receivable includes those that are 30 days or more past due based on their contractual billing dates. Vive's loans receivable are placed on nonaccrual status when they are greater than 90 days past due or upon notification of cardholder bankruptcy, death or fraud. The Company discontinues accruing interest and fees and amortizing merchant fee discounts and promotional fee discounts for Vive's loans receivable in nonaccrual status. Loans receivable are removed from nonaccrual status when cardholder payments resume, the loan becomes 90 days or less past due and collection of the remaining amounts outstanding is deemed probable. Payments received on nonaccrual loans are allocated according to the same payment hierarchy methodology applied to loans that are accruing interest. Loans receivable are charged off no later than the end of the following month after the billing cycle in which the loans receivable become 120 days past due.

PROG HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Vive extends or declines credit to an applicant through its bank partners based upon the applicant's credit rating and other factors. Below is a summary of the credit quality of the Company's loan portfolio as of March 31, 2023 and December 31, 2022 by FICO score as determined at the time of loan origination:

FICO Score Category	March 31, 2023	December 31, 2022
600 or Less	6.7 %	6.9 %
Between 600 and 700	77.7 %	75.4 %
700 or Greater	13.3 %	13.4 %
No Score Identified	2.3 %	4.3 %

Prepaid Expenses and Other Assets

Prepaid expenses and other assets consist of the following:

(In Thousands)	March 31, 2023	December 31, 2022
Prepaid Expenses	\$ 22,563	\$ 18,845
Prepaid Lease Merchandise	7,827	10,134
Prepaid Software Expenses	11,686	7,022
Unamortized Initial Direct Costs on Lease Agreement Originations	5,360	6,016
Other Assets	6,222	6,464
Prepaid Expenses and Other Assets	<u>\$ 53,658</u>	<u>\$ 48,481</u>

The Company incurs costs to implement cloud computing arrangements ("CCA") that are hosted by third-party vendors. Implementation costs associated with CCA are capitalized when incurred during the application development phase and are recorded within prepaid software expenses above. Amortization is calculated on a straight-line basis over the contractual term of the arrangement and is included within computer software expense as a component of operating expenses in the condensed consolidated statements of earnings.

Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses consist of the following:

(In Thousands)	March 31, 2023	December 31, 2022
Accounts Payable	\$ 9,675	\$ 14,386
Accrued Salaries and Benefits	18,796	21,366
Accrued Sales and Personal Property Taxes	14,050	13,517
Income Taxes Payable	22,772	1,287
Uncertain Tax Positions ¹	52,129	51,110
Accrued Vendor Rebates	3,884	9,320
Other Accrued Expenses and Liabilities	31,073	24,039
Accounts Payable and Accrued Expenses	<u>\$ 152,379</u>	<u>\$ 135,025</u>

¹ The uncertain tax positions as of March 31, 2023 and December 31, 2022 are primarily related to the Company's tax treatment of the \$175.0 million settlement payment made in 2020 to the FTC as discussed in Note 10 and Note 11 to the consolidated financial statements in the 2022 Annual Report.

PROG HOLDINGS, INC.

(Unaudited)

Debt

On November 24, 2020, the Company entered into a credit agreement with a consortium of lenders providing for a \$350.0 million senior revolving credit facility (the "Revolving Facility"), under which revolving borrowings became available at the completion of the separation and distribution transaction through which the Company's historical Aaron's Business segment was spun-off into a separate company, and under which all borrowings and commitments will mature or terminate on November 24, 2025. The Company expects that the Revolving Facility will be used to provide for working capital and capital expenditures, to finance future permitted acquisitions, and for other general corporate purposes. If the Company's total net debt to EBITDA ratio as defined by the Revolving Facility exceeds 1.25, the Revolving Facility becomes fully secured for the remaining duration of the Revolving Facility term. As of June 30, 2022, the Company exceeded the 1.25 total net debt to EBITDA ratio and the Revolving Facility became fully secured. The Company had no outstanding borrowings and \$350.0 million total available credit under the Revolving Facility as of March 31, 2023 and December 31, 2022.

On November 26, 2021, the Company entered into an indenture in connection with an offering of \$600 million aggregate principal amount of its 6.00% senior unsecured notes due 2029 (the "Senior Notes"). The Senior Notes were issued at 100% of their par value. The Senior Notes are general unsecured obligations of the Company and are guaranteed by certain of the Company's existing and future domestic subsidiaries.

The net proceeds from the Senior Notes were used to fund the purchase price, and related fees and expenses, of the Company's tender offer to purchase \$425 million of the Company's common stock as discussed in Note 12 to the consolidated financial statements in the 2022 Annual Report. Any remaining proceeds were intended for future share repurchases or, to the extent the Company determines not to repurchase additional shares, for general corporate purposes.

At March 31, 2023, the Company was in compliance with all covenants related to its outstanding debt. See Note 9 to the consolidated financial statements in the 2022 Annual Report for further information regarding the Company's indebtedness.

Goodwill

Goodwill represents the excess of the purchase price paid over the fair value of the identifiable net tangible and intangible assets acquired in connection with business acquisitions. Progressive Leasing and Four are the only reporting units with goodwill as of March 31, 2023. Impairment occurs when the reporting unit's carrying value exceeds its fair value. The Company's goodwill is not amortized but is subject to an impairment test at the reporting unit level annually as of October 1 and more frequently if events or circumstances indicate that an impairment may have occurred. Factors which could necessitate an interim impairment assessment include a sustained decline in the Company's stock price, prolonged negative industry or economic trends and significant underperformance relative to historical results, projected future operating results, or the Company failing to successfully execute on one or more elements of Progressive Leasing and/or Four's strategic plans.

As of September 30, 2022, the Company determined the Four goodwill was partially impaired and recorded an impairment of goodwill of \$10.2 million during the third quarter of 2022. The Company engaged the assistance of a third-party valuation firm to perform the interim goodwill impairment test for the Four reporting unit. This included an assessment of the Four reporting unit's fair value relative to the carrying value that was derived using a market approach. The market approach, which includes the guideline public company method, utilized pricing multiples derived from an analysis of other publicly traded companies that operate in the Buy Now, Pay Later industry. We believe the comparable companies we evaluated as marketplace participants served as an appropriate reference when calculating fair value because those companies have similar risks, participate in similar markets, provide similar products and services for their customers and compete with Four directly. As of March 31, 2023, Four's goodwill balance was \$7.3 million. Additional goodwill impairment charges may occur in future periods if the Company fails to execute on one or more elements of Four's strategic plan, Four's actual or projected results are unfavorable compared to the current forecasted operating results, and/or there are further declines in the Buy Now, Pay Later peer market multiples.

The Company completed its annual goodwill impairment test for Progressive Leasing as of October 1, 2022 and concluded that no impairment had occurred. The Company determined that there were no events or circumstances that occurred during the three months ended March 31, 2023 that would more likely than not reduce the fair value of Progressive Leasing or Four below their carrying amounts.

(Unaudited)

Stock-Based Compensation

During the three months ended March 31, 2023, the Company issued 485,749 restricted stock units and 207,838 stock options to certain employees, and 312,469 performance share units to certain employees and third-parties, which vest over one to three-year periods for certain units and upon the achievement of specified performance conditions for other units. The weighted average fair value of the restricted stock and performance share awards was \$24.70, which was based on the fair market value of the Company's common stock on the dates of grant. The weighted average fair value of the stock option awards was \$11.66, which was based on a grant date value using a Black-Scholes-Merton option pricing model. The Company will recognize the grant date fair value of the restricted stock units and stock options as stock-based compensation expense over the requisite service period of one to three years. The Company will recognize the grant date fair value of the performance units as stock-based compensation expense over the estimated vesting period based on the Company's projected assessment of the performance conditions that are probable of being achieved in accordance with ASC 718, *Stock-based Compensation*.

Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. To increase the comparability of fair value measures, the following hierarchy prioritizes the inputs to valuation methodologies used to measure fair value:

Level 1—Valuations based on quoted prices for identical assets and liabilities in active markets.

Level 2—Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3—Valuations based on unobservable inputs reflecting the Company's own assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

The Company measures a liability related to its non-qualified deferred compensation plan, which represents benefits accrued for plan participants and is valued at the quoted market prices of the participants' investment election, at fair value on a recurring basis. The Company maintains certain financial assets and liabilities that are not measured at fair value but for which fair value is disclosed.

The fair values of the Company's other current financial assets and liabilities, including cash and cash equivalents, accounts receivable and accounts payable, approximate their carrying values due to their short-term nature. The fair value of any revolving credit borrowings also approximate their carrying amounts.

Recent Accounting Pronouncements

Pending Adoption

In March 2020, the FASB issued ASU 2020-04, *Reference Rate Reform: Facilitation of the Effects of Reference Rate Reform on Financial Reporting* ("ASU 2020-04"). The standard provides temporary guidance to ease the potential burden in accounting for reference rate reform primarily resulting from the discontinuation of the London Interbank Overnight Rate ("LIBOR") or another reference rate expected to be discontinued. Entities may apply the provisions of the new standard as of the beginning of the reporting period when the election is made. The provisions of this update have been extended to December 31, 2024, when the reference rate replacement activity is expected to have been completed. The Company's Revolving Facility currently references LIBOR for determining interest payable on outstanding borrowings. The amendments in ASU 2020-04 are elective and apply to all entities that have contracts referencing LIBOR. The new guidance provides an expedient which simplifies accounting analyses under current U.S. GAAP for contract modifications if the change is directly related to a change from LIBOR to a new interest rate index. The Company plans to amend the Revolving Facility agreement to change the reference rate from LIBOR to the Secured Overnight Financing Rate ("SOFR"). The Company does not expect the adoption of ASU 2020-04 to have a material impact to the Company's condensed consolidated financial statements or to any key terms of the Revolving Facility other than the discontinuation of LIBOR.

NOTE 2. FAIR VALUE MEASUREMENT

Financial Assets and Liabilities Measured at Fair Value on a Recurring Basis

The following table summarizes financial liabilities measured at fair value on a recurring basis:

(In Thousands)	March 31, 2023			December 31, 2022		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Deferred Compensation Liability	\$ —	\$ 2,124	\$ —	\$ —	\$ 2,185	\$ —

The Company maintains the PROG Holdings, Inc. Deferred Compensation Plan, which is an unfunded, nonqualified deferred compensation plan for a select group of management, highly compensated employees and non-employee directors. The liability is recorded in accounts payable and accrued expenses in the condensed consolidated balance sheets. The liability represents benefits accrued for plan participants and is valued at the quoted market prices of the participants' investment elections, which consist of equity and debt "mirror" funds. As such, the Company has classified the deferred compensation liability as a Level 2 liability.

Financial Assets and Liabilities Not Measured at Fair Value for Which Fair Value is Disclosed

Vive's loans receivable are measured at amortized cost, net of an allowance for loan losses and unamortized fees in the condensed consolidated balance sheets. In estimating fair value for Vive's loans receivable, the Company utilized a discounted cash flow methodology. The Company used various unobservable inputs reflecting its own assumptions, such as contractual future principal and interest cash flows, future loss rates, and discount rates (which consider current interest rates and are adjusted for credit risk, among other factors).

Four's loans receivable, net of an allowance for loan losses and unamortized fees, are included within loans receivable, net in the condensed consolidated balance sheets and approximated fair value based on a discounted cash flow methodology.

On November 26, 2021, the Company entered into an indenture in connection with its offering of \$600 million aggregate principal amount of its Senior Notes due in 2029. The Senior Notes are carried at amortized cost in the condensed consolidated balance sheets and are measured at fair value for disclosure purposes. The fair value of the Senior Notes was estimated based on quoted market prices in less active markets and has been classified as Level 2 in the fair value hierarchy.

The following table summarizes the fair value of the Company's debt and the loans receivable held by Vive and Four:

(In Thousands)	March 31, 2023			December 31, 2022		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Senior Notes	\$ —	\$ 510,000	\$ —	\$ —	\$ 481,320	\$ —
Loans Receivable, Net	\$ —	\$ —	\$ 154,132	\$ —	\$ —	\$ 165,690

NOTE 4. COMMITMENTS AND CONTINGENCIES

Legal and Regulatory Proceedings

From time to time, the Company is party to various legal and regulatory proceedings arising in the ordinary course of business.

Some of the proceedings to which the Company is currently a party are described below. The Company believes it has meritorious defenses to all of the claims described below, and intends to vigorously defend against the claims. However, these proceedings are still developing and due to the inherent uncertainty in litigation, regulatory and similar adversarial proceedings, there can be no guarantee that the Company will ultimately be successful in these proceedings, or in others to which it is currently a party. Substantial losses from these proceedings or the costs of defending them could have a material adverse impact upon the Company's business, financial position and results of operations.

The Company establishes an accrued liability for legal and regulatory proceedings when it determines that a loss is both probable and the amount of the loss can be reasonably estimated. The Company continually monitors its litigation and regulatory exposure and reviews the adequacy of its legal and regulatory reserves on a quarterly basis. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters.

At March 31, 2023 and December 31, 2022, the Company had accrued \$0.5 million and \$0.6 million, respectively, for pending legal and regulatory matters for which it believes losses are probable and the amount of the loss can be reasonably estimated. The Company records its best estimate of the loss to legal and regulatory liabilities in accounts payable and accrued expenses in the condensed consolidated balance sheets. The Company estimates the aggregate range of reasonably possible loss in excess of accrued liabilities for such probable loss contingencies is immaterial. Those matters for which a probable loss cannot be reasonably estimated are not included within the estimated ranges.

At March 31, 2023, the Company estimated that the aggregate range of loss for all material pending legal and regulatory proceedings for which a loss is reasonably possible, but less likely than probable (i.e., excluding the contingencies described in the preceding paragraph), is immaterial. Those matters for which a reasonable estimate is not possible are not included within estimated ranges and, therefore, the estimated ranges do not represent the Company's maximum loss exposure. The Company's estimates for legal and regulatory accruals, aggregate probable loss amounts and reasonably possible loss amounts are all subject to the uncertainties and variables described above.

Regulatory Inquiries

In January 2021, the Company, along with other lease-to-own companies, received a subpoena from the California Department of Financial Protection and Innovation (the "DFPI") requesting the production of documents regarding the Company's compliance with state consumer protection laws, including new legislation that went into effect on January 1, 2021. Although the Company believes it is in compliance with all applicable consumer financial laws and regulations in California, this inquiry may lead to an enforcement action and/or a consent order, and substantial costs, including legal fees, fines, penalties, and remediation expenses. While the Company intends to preserve defenses surrounding the jurisdiction of DFPI in this matter, it has fully cooperated, and anticipates continuing to cooperate, with the DFPI in responding to its inquiry.

Litigation Matters

On August 25, 2022, the Pennsylvania Attorney General filed a complaint against Progressive Leasing in the Philadelphia County Court of Common Pleas alleging, among other things, that Progressive Leasing was operating in the Commonwealth of Pennsylvania in violation of the Pennsylvania Rental Purchase Agreement Act by failing to disclose certain terms and conditions of rent-to-own ("RTO") transactions on "hang tags" physically attached to RTO merchandise. The complaint seeks, among other things, to convert all RTO agreements entered into by Progressive Leasing prior to September 9, 2022 into retail installment contracts for which the maximum interest rate is 6% per annum, civil penalties in the amount of \$1,000 for each violation of Pennsylvania's Unfair Trade Practices and Consumer Protection Law (and \$3,000 for each such violation involving a consumer age 60 or older) and unspecified investigation and prosecution costs. Progressive Leasing believes the Pennsylvania Attorney General's claims are without merit and intends to vigorously defend itself in this matter.

Other Contingencies

Management regularly assesses the Company's insurance deductibles, monitors the Company's litigation and regulatory exposure with the Company's attorneys and evaluates its loss experience. The Company also enters into various contracts in the normal course of business that may subject it to risk of financial loss if counterparties fail to perform their contractual obligations.

PROG HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Off-Balance Sheet Risk

The Company, through its Vive segment, had unconditionally cancellable unfunded lending commitments totaling \$521.9 million and \$513.7 million as of March 31, 2023 and December 31, 2022, respectively, that do not give rise to revenues and cash flows. These unfunded commitments arise in the ordinary course of business from credit card agreements with individual cardholders that give them the ability to borrow, against unused amounts, up to the maximum credit limit assigned to their account. While these unfunded amounts represent the total available unused lines of credit, the Company does not anticipate that all cardholders will utilize their entire available line at any given point in time. Commitments to extend unsecured credit are agreements to lend to a cardholder so long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements.

NOTE 5. RESTRUCTURING EXPENSES

During 2022, the Company initiated restructuring activities intended to reduce expenses, consolidate certain segment corporate headquarters, and align the cost structure of the business with the Company's near-term revenue outlook. The Company continued such activities during the first quarter of 2023 and recorded restructuring expenses of \$0.8 million for the three months ended March 31, 2023, resulting in aggregate expenses of \$9.8 million since the inception of the restructuring activities in 2022. These costs were primarily comprised of employee severance within Progressive Leasing and operating lease right-of-use asset impairment charges related to the relocation of the Vive corporate headquarters to the Company's corporate office building and a reduction of call center office space. The Company will continue to monitor the impacts of changes in macroeconomic conditions on its businesses and may take additional steps to further adjust the Company's cost structure based on unfavorable changes in these conditions, which may result in further restructuring charges in future periods.

The following tables summarize restructuring charges recorded within operating expenses in the condensed consolidated statements of earnings for the three months ended March 31, 2023:

(In Thousands)	Three Months Ended March 31, 2023			
	Progressive Leasing	Vive	Other	Total
Severance	\$ 793	\$ —	\$ —	\$ 793
Other Restructuring Activities	(36)	—	—	(36)
Total Restructuring Expenses	\$ 757	\$ —	\$ —	\$ 757

The following table summarizes the accrual and payment activity related to the restructuring program for the three months ended March 31, 2023:

(In Thousands)	Severance	Other Restructuring Activities	Total
Balance at December 31, 2022	\$ 3,061	\$ 42	\$ 3,103
Charges	793	(36)	757

(Unaudited)

NOTE 6. SEGMENTS

As of March 31, 2023, the Company has two reportable segments: Progressive Leasing and Vive.

Progressive Leasing partners with traditional and e-commerce retailers, primarily in the consumer residential electronics, furniture and appliance, jewelry, mobile phones and accessories, mattresses, and automobile electronics and accessories industries to offer a lease-purchase solution primarily for customers who may not have access to traditional credit-based financing options. It does so by offering leases with monthly, semi-monthly, bi-weekly and weekly payment frequencies.

Vive offers a variety of second-look financing programs originated through third-party federally insured banks to customers of participating merchants and, together with Progressive Leasing, allows the Company to provide POS partners with near-prime and below-prime customers one source for financing and leasing transactions.

Four is an innovative BNPL company that allows shoppers to pay for merchandise through four interest-free installments. Four is not a reportable segment for the three month periods ended March 31, 2023 and 2022 as its financial results are not material to the Company's condensed consolidated financial results. The revenues, loss before income taxes, and assets within "other" below are primarily comprised of the operating activities of Four.

Disaggregated Revenue

The following table presents revenue by source and by segment for the three months ended March 31, 2023 and 2022:

(In Thousands)	Three Months Ended March 31, 2023				Three Months Ended March 31, 2022

Measurement of Segment Profit or Loss and Segment Assets

The Company evaluates performance and allocates resources based on revenues and earnings (loss) before income taxes from operations. The Company determines earnings (loss) before income tax expense for all reportable segments in accordance with U.S. GAAP. A portion of interest expense is allocated from the Progressive Leasing segment to the Vive segment based on the balance of outstanding intercompany debt.

The Company incurred various corporate overhead expenses for certain executive management, finance, treasury, tax, audit, legal, risk management, and other overhead functions during the three months ended March 31, 2023 and 2022. Corporate overhead expenses incurred are primarily reflected as expenses of the Progressive Leasing segment and an immaterial amount was allocated to the Vive segment. The allocation of corporate overhead costs to the Progressive Leasing and Vive segments is consistent with how the chief operating decision maker analyzed performance and allocated resources among the segments of the Company during the three months ended March 31, 2023 and 2022. The following is a summary of earnings before income tax expense by segment:

(In Thousands)	Three Months Ended March 31,	
	2023	2022
Earnings Before Income Tax Expense:		
Progressive Leasing	\$ 71,051	\$ 42,081
Vive	2,163	4,423
Other	(5,627)	(6,668)
Total Earnings Before Income Tax Expense	\$ 67,587	\$ 39,836

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Special Note Regarding Forward-Looking Information: Except for historical information contained herein, the matters set forth in this Form 10-Q are forward-looking statements. These statements are based on management's current expectations and plans, which involve risks and uncertainties. Such forward-looking statements generally can be identified by the use of forward-looking terminology such as "anticipate," "believe," "could," "estimate," "expect," "intend," "plan," "project," "would," "should," and similar expressions. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the filing date of this Quarterly Report and which involve risks and uncertainties that may cause actual results to differ materially from those set forth in these statements. These risks and uncertainties include factors that could cause our actual results and financial condition to differ materially from those expressed or implied in our forward-looking statements. Such risks and uncertainties include, among others, those discussed in "Item 1A. Risk Factors" in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2022 (the "2022 Annual Report"). Except as required by law, the Company undertakes no obligation to update these forward-looking statements to reflect subsequent events or circumstances after the filing date of this Quarterly Report.

The following discussion should be read in conjunction with the condensed consolidated financial statements as of and for the three months ended March 31, 2023 and 2022, including the notes to those statements, appearing elsewhere in this report. We also suggest that management's discussion and analysis appearing in this report be read in conjunction with the management's discussion and analysis and consolidated financial statements included in our 2022 Annual Report.

Business Overview

PROG Holdings, Inc. ("we," "our," "us," the "Company," or "PROG Holdings") is a financial technology holding company that provides transparent and competitive payment options to consumers. PROG Holdings has two reportable segments: (i) Progressive Leasing, an in-store, app-based, and e-commerce point-of-sale lease-to-own solutions provider; and (ii) Vive Financial ("Vive"), an omnichannel provider of second-look revolving credit products.

Our Progressive Leasing segment provides consumers with lease-purchase solutions through its point-of-sale partner locations and e-commerce website partners (collectively, "POS partners"). It does so by purchasing the merchandise from the POS partners desired by customers and, in turn, leasing that merchandise to the customers through a cancellable lease-to-own transaction. Progressive Leasing has no stores of its own, but rather offers lease-purchase solutions to the customers of traditional and e-commerce retailers.

Our Vive segment primarily serves customers that may not qualify for traditional prime lending offers who desire to purchase goods and services from participating merchants. Vive offers customized programs with services that include revolving loans through private label and Vive-branded credit cards. Vive's current network of POS partner locations and e-commerce websites includes furniture, mattresses, home exercise equipment, and home improvement retailers, as well as medical and dental service providers.

On June 25, 2021, the Company completed the acquisition of Four Technologies, Inc. ("Four"), an innovative Buy Now, Pay Later company that allows shoppers to pay for merchandise through four interest-free installments. Four's proprietary platform capabilities and its base of customers and retailers expand PROG Holdings' ecosystem of financial technology offerings by introducing a payment solution that further diversifies the Company's consumer financial technology offerings. Shoppers use Four to purchase furniture, clothing, electronics, health and beauty products, footwear, jewelry, and other consumer goods from retailers across the United States. Four is not expected to be a reportable segment in 2023 as its financial results are not expected to be material to the Company's consolidated financial results in 2023. Four's financial results are reported within "Other" for segment reporting purposes.

Macroeconomic and Business Environment

The Company continues to operate in a challenging macroeconomic environment. The rapid increase in the rate of inflation during 2022, which has continued in 2023, particularly in gas, food, and housing costs, which we believe disproportionately negatively affects the customers we serve and therefore our customers' ability to make the payments they owe to the Company. These macroeconomic challenges have resulted in an unfavorable impact on our lease portfolio performance and Gross Merchandise Volume ("GMV") during 2022 and the first quarter of 2023. Customer payment delinquencies and uncollectible renewal payments experienced within our Progressive Leasing segment during much of 2022 significantly exceeded levels experienced during pre-pandemic periods. In response to increasing customer delinquencies and higher write-offs, Progressive Leasing tightened its lease decisioning several times during 2022, resulting in fewer lease approvals and an adverse impact on GMV in 2022 and the first quarter of 2023. Levels of customer payment delinquencies and uncollectible renewal payments for leases originated after Progressive Leasing further tightened its lease decisioning in mid-2022 improved to levels consistent with pre-pandemic lease portfolio performance. The relatively high levels of customer payment delinquencies and related write-offs associated with leases originated prior to the Company's further tightening of its lease decisioning in mid-2022 may

continue for an extended period of time, and/or may increase to even higher levels, which would have an unfavorable impact on our performance. Furthermore, increasing unemployment rates and/or a recession in the United States may result in increasing levels of customer payment delinquencies and related write-offs, which would result in an unfavorable impact on our performance.

The significant increase in inflation and interest rates, and fears of a possible recession have also unfavorably impacted consumer confidence within our customer base, resulting in a decrease in demand for the types of merchandise offered by many of our key national and regional POS partners. In light of these macroeconomic challenges and to align the cost structure of our business with our near-term revenue outlook, the Company executed on a number of cost reduction initiatives during 2022 and the first quarter of 2023 to drive efficiencies and right-size variable costs, while attempting to minimize the negative impact on growth-related initiatives.

COVID-19 Pandemic. The COVID-19 pandemic has negatively impacted the global economy in recent years, including the businesses and operations of our POS partners and our own businesses. For example, the significant increase in COVID-19 cases resulted in many of our POS partners temporarily closing showrooms and/or reducing the hours and scope of operations of their showrooms, and also resulted in increases in employee absenteeism and declines in customer traffic for many of our POS partners, all of which unfavorably impacted Progressive Leasing's GMV. In addition, other pandemic-related factors unfavorably impacted many of our POS partners, including supply chain disruptions resulting in shortages of available products at certain POS partners, primarily in appliances, electronics and furniture categories. Those and other pandemic-related developments, may adversely impact Progressive Leasing's generation of new lease agreements, Vive's generation of new loans, and our results of operations, financial condition, cash flow and/or liquidity in future periods.

The extent of any such adverse, pandemic-related impacts will depend on future developments, which are highly uncertain and cannot be predicted, including, for example, the emergence of more contagious and harmful variants of COVID-19, and localized outbreaks or additional waves of COVID-19 cases and the impact of any such outbreaks on our customers, POS partners, and employees.

Highlights

The following summarizes significant financial highlights from the three months ended March 31, 2023:

- We reported revenues of \$655.1 million, a decrease of 7.8% compared to the first quarter of 2022. The decrease in revenues was primarily due to a 15.4% decrease in consolidated GMV for the three months ended March 31, 2023, as compared to the same period in the prior year, due to tightened lease decisioning by Progressive Leasing in mid-2022, and decreased customer demand for many of the products offered by our POS partners. Revenues were also impacted by a smaller lease portfolio at the beginning of the quarter as compared to the first quarter of 2022, and a decline in the number of customers electing to exercise early lease buyouts when compared to the same period in the prior year. The decline in revenues was partially offset by improved customer payment activity in the first quarter of 2023, as compared to the first quarter of 2022.
- GMV decreased by \$85.8 million for Progressive Leasing and \$6.1 million for Vive in the first quarter of 2023, compared to the same period in the prior year. These decreases were due to tighter lease and loan decisioning, resulting in fewer lease and loan originations, and the rapid increase in the rate of inflation eroding customers' disposable incomes and reducing their demand for many of the goods sold by our POS partners. These negative impacts were partially offset by GMV from our other operations, which increased by \$6.5 million primarily due to an increase in Four loan originations in the first quarter of 2023 compared to the first quarter of 2022.
- Earnings before income taxes increased to \$67.6 million compared to \$39.8 million in the same period in 2022. The increase was primarily driven by fewer customers electing early lease buyouts, improved customer payment activity, and lower operating costs resulting from recent cost cutting initiatives.

Key Operating Metrics

Gross Merchandise Volume. We believe GMV is a key performance indicator of our Progressive Leasing and Vive segments, as it provides the total value of new leases and loans written into our portfolio over a specified time period. GMV does not represent revenues earned by the Company, but rather is a leading indicator we use in forecasting revenues the Company may earn in the short-term. Progressive Leasing's GMV is defined as the retail price of merchandise acquired by Progressive Leasing, which it then expects to lease to its customers. GMV for Vive and Other are defined as gross loan originations.

The following table presents our GMV for the Company for the periods presented:

(Unaudited and In Thousands)	Three Months Ended March 31,		Change	
	2023	2022	\$	%
Progressive Leasing	\$ 418,683	\$ 504,462	\$ (85,779)	(17.0)%
Vive	36,530	42,614	(6,084)	(14.3)
Other	13,607	7,086	6,521	92.0
Total GMV	\$ 468,820	\$ 554,162	\$ (85,342)	(15.4)%

The decrease in Progressive Leasing's and Vive's GMV was primarily due to our tighter lease and loan decisioning to address the unfavorable economic conditions that were present in 2022, resulting in fewer lease and loan approvals; the rapid increase in the rate of inflation, which eroded customers' disposable incomes and their demand for many of the goods sold by our POS partners. We believe these factors have unfavorably impacted the generation of new leases and loans. E-commerce channels generated 16.9% of Progressive Leasing's GMV in the first quarter of 2023 compared to 15.9% in the first quarter of 2022. The decrease in total GMV was also partially offset by an increase in GMV from our other operations, primarily due to an increase in Four loan originations from new and existing retail partners.

Active Customer Count. Our active customer count represents the total number of customers that have an active lease agreement with Progressive Leasing, or an active loan with Vive or Four. The following table presents our consolidated active customer count, which includes an immaterial number of customers that have both an active lease agreement and loan agreement, for the Company for the periods presented:

As of March 31 (Unaudited)	2023	2022
Active Customer Count:		
Progressive Leasing	861,000	974,000
Vive	89,000	88,000
Other	28,000	17,000
Total Active Customer Count	978,000	1,079,000

The decrease in the number of Progressive Leasing customers was primarily due to a decrease in customer demand for the types of merchandise typically purchased through our lease-to-own solutions and the tightening of our lease decisioning in 2022 to address the unfavorable economic conditions that were driving higher customer payment delinquencies and uncollectible renewal payments during much of 2022. The number of Vive customers remained consistent compared to the first quarter of 2022. The increase in the number of customers in Other was primarily driven by continued growth in loan originations from our Four business.

Key Components of Earnings Before Income Taxes

In this MD&A section, we review our condensed consolidated results. For the three months ended March 31, 2023 and the comparable prior year period, some of the key revenue, cost and expense items that affected earnings before income taxes were as follows:

Revenues. We separate our total revenues into two components: (i) lease revenues and fees and (ii) interest and fees on loans receivable. Lease revenues and fees include all revenues derived from lease agreements from our Progressive Leasing segment. Lease revenues are recorded net of a provision for uncollectible renewal payments. Interest and fees on loans receivable represents merchant fees, finance charges and annual and other fees earned on outstanding loans in our Vive segment and, to a lesser extent, from Four.

Depreciation of Lease Merchandise. Depreciation of lease merchandise primarily reflects the expense associated with depreciating merchandise leased to customers by Progressive Leasing.

Provision for Lease Merchandise Write-offs. The provision for lease merchandise write-offs represents the estimated merchandise losses incurred but not yet identified by management and adjustments for changes in estimates for the allowance for lease merchandise write-offs.

Operating Expenses. Operating expenses include personnel costs, stock-based compensation expense, occupancy costs, advertising, professional services expense, sales acquisition expense, computer software expense, bank service charges, the provision for loan losses, fixed asset depreciation expense, intangible asset amortization, and restructuring, among other expenses.

Interest Expense, Net. Interest expense, net consists of interest incurred on the Company's Senior Notes and senior secured revolving credit facility (the "Revolving Facility"). Interest expense is presented net of interest income earned on the Company's deposits in cash and cash equivalents.

Results of Operations – Three months ended March 31, 2023 and 2022

(In Thousands)	Three Months Ended March 31,		Change	
	2023	2022	\$	%
REVENUES:				
Lease Revenues and Fees	\$ 637,082	\$ 692,914	\$ (55,832)	(8.1)%
Interest and Fees on Loans Receivable	18,058	17,550	508	2.9
	655,140	710,464	(55,324)	(7.8)
COSTS AND EXPENSES:				
Depreciation of Lease Merchandise	435,439	497,011	(61,572)	(12.4)
Provision for Lease Merchandise Write-Offs	38,364	50,330	(11,966)	(23.8)
Operating Expenses	105,259	113,658	(8,399)	(7.4)
	579,062	660,999	(81,937)	(12.4)
OPERATING PROFIT	76,078	49,465	26,613	53.8
Interest Expense, Net	(8,491)	(9,629)	1,138	11.8
EARNINGS BEFORE INCOME TAX EXPENSE	67,587	39,836	27,751	69.7
INCOME TAX EXPENSE	19,554	12,701	6,853	54.0
NET EARNINGS	\$ 48,033	\$ 27,135	\$ 20,898	77.0 %

Revenues

Information about our revenues by source and reportable segment is as follows:

(In Thousands)	Three Months Ended March 31, 2023				Three Months Ended March 31, 2022			
	Progressive Leasing	Vive	Other	Total	Progressive Leasing	Vive	Other	Total
Lease Revenues and Fees	\$ 637,082	\$ —	\$ —	\$ 637,082	\$ 692,914	\$ —	\$ —	\$ 692,914
Interest and Fees on Loans Receivable	—	17,153	905	18,058	—	17,116	434	17,550
Total	\$ 637,082	\$ 17,153	\$ 905	\$ 655,140	\$ 692,914	\$ 17,116	\$ 434	\$ 710,464

The decrease in Progressive Leasing revenues was primarily due to a 15.4% decrease in consolidated GMV for the three months ended March 31, 2023, as compared to the same period in the prior year, due to tightened lease decisioning in mid-2022, and decreased customer demand for many of the products offered by our POS partners. Revenues were also impacted by a smaller lease portfolio at the beginning of the quarter as compared to the first quarter of 2022, and a decline in the number of customers electing to exercise early lease buyouts when compared to the same period in the prior year. The decline in revenues was partially offset by improved customer payment activity in the first quarter of 2023, as compared to the first quarter of 2022. Vive revenues remained relatively flat as compared to the first quarter of 2022 and the growth in Four revenues was primarily driven by strong GMV growth in prior periods.

Operating Expenses

Information about certain significant components of operating expenses for the first quarter of 2023 as compared to the first quarter of 2022 is as follows:

(In Thousands)	Three Months Ended March 31,		Change	
	2023	2022	\$	%
Personnel Costs ¹	\$ 47,061	\$ 53,585	\$ (6,524)	(12.2)%
Stock-Based Compensation	5,415	6,623	(1,208)	(18.2)
Occupancy Costs	1,383	1,604	(221)	(13.8)
Advertising	3,322	4,504	(1,182)	(26.2)
Professional Services	4,557	5,455	(898)	(16.5)
Sales Acquisition Expense ²	7,246	6,093	1,153	18.9
Computer Software Expense ³	6,247	6,596	(349)	(5.3)
Bank Service Charges	2,915	3,430	(515)	(15.0)
Other Sales, General and Administrative Expense	9,663	9,604	59	0.6
Sales, General and Administrative Expense⁴	87,809	97,494	(9,685)	(9.9)
Provision for Loan Losses	8,714	7,682	1,032	13.4
Depreciation and Amortization	7,979	8,482	(503)	(5.9)
Restructuring Expense	757	—	757	nmf
Operating Expenses	\$ 105,259	\$ 113,658	\$ (8,399)	(7.4)%

nmf—Calculation is not meaningful

¹ Personnel costs excludes stock-based compensation expense, which is reported separately in the operating expense table.

² Sales acquisition expense includes vendor incentives and rebates to POS partners, external sales commissions, amortization of initial direct costs and amounts paid to various POS partners to be their exclusive provider of lease-to-own solutions.

³ Computer software expense consists primarily of software subscription fees, licensing fees and non-capitalizable software implementation costs.

⁴ Progressive Leasing's sales, general and administrative expense was \$75.9 million and \$85.9 million during the three months ended March 31, 2023 and 2022, respectively.

The decrease in personnel costs of \$6.5 million was driven primarily by a decrease of \$7.0 million at Progressive Leasing, attributable to its reduction in the number of employees during the second half of 2022 as part of its restructuring and cost cutting initiatives. Personnel costs attributable to Four and other strategic initiatives also decreased by \$0.5 million compared to the same period in 2022. These decreases were partially offset by an increase of \$0.9 million at Vive.

Other Costs and Expenses

Depreciation of lease merchandise. Depreciation of lease merchandise decreased by 12.4% during the three months ended March 31, 2023 compared to the same period in 2022. The decrease was primarily due to the decline in GMV resulting from Progressive Leasing's tightening of its decisioning in mid-2022. As a percentage of total lease revenues and fees, depreciation of lease merchandise decreased to 68.3% from 71.7% in the prior year quarter, primarily due to lower early buyouts in the three months ended March 31, 2023 as compared to the same period in 2022.

Provision for lease merchandise write-offs. The provision for lease merchandise write-offs decreased \$12.0 million due to a decrease in the size of Progressive Leasing's lease portfolio during the three months ended March 31, 2023 compared to the same period in 2022. The provision for lease merchandise write-offs also decreased due to the improved customer payment activity and lower write-offs following Progressive Leasing's tightening of its decisioning in mid-2022, as compared to the higher customer delinquencies and write-offs experienced in the first quarter of 2022. Given the significant economic uncertainty resulting from the rate of the increase in inflation, rising interest rates, the ongoing impacts of the COVID-19 pandemic, and the potential effects of such developments on Progressive Leasing's POS partners, customers, and business going forward, a high level of estimation was involved in determining the allowance as of March 31, 2023. Actual lease merchandise write-offs could differ materially from the allowance for those write-offs.

The provision for lease merchandise write-offs as a percentage of lease revenues decreased to 6.0% during the three months ended March 31, 2023 from 7.3% in the same period in 2022. The decrease in the provision was a result of improved customer payment activity and lower write-offs due to the Company tightening its lease decisioning in mid-2022.

Earnings Before Income Tax Expense

Information about our earnings before income tax expense by reportable segment is as follows:

(In Thousands)	Three Months Ended March 31,		Change	
	2023	2022	\$	%
EARNINGS BEFORE INCOME TAX EXPENSE:				
Progressive Leasing	\$ 71,051	\$ 42,081	\$ 28,970	68.8 %
Vive	2,163	4,423	(2,260)	(51.1)
Other	(5,627)	(6,668)	1,041	15.6
Total Earnings Before Income Tax Expense	\$ 67,587	\$ 39,836	\$ 27,751	69.7 %

The loss before income tax expense within "Other" primarily relates to our Four operations. Factors impacting the change in earnings before income taxes are discussed above.

Income Tax Expense

Income tax expense increased to \$19.6 million for the three months ended March 31, 2023 compared to \$12.7 million in the prior year comparable period due to higher earnings before income taxes. The effective income tax rate for the three months ended March 31, 2023 was 28.9% compared to 31.9% for the same period in 2022. The decrease in the effective tax rate was primarily driven by favorable changes in discrete tax expense related to stock-based compensation and uncertain tax position liabilities.

Overview of Financial Position

The major changes in the condensed consolidated balance sheet from December 31, 2022 to March 31, 2023 include:

- Cash and cash equivalents increased \$118.0 million to \$249.8 million during the three months ended March 31, 2023. For additional information, refer to the "Liquidity and Capital Resources" section below.
- Lease merchandise, net of accumulated depreciation and allowances, decreased \$76.4 million due primarily to a 22.6% decrease in Progressive Leasing's GMV for the first quarter of 2023 as compared to the fourth quarter of 2022.
- Accounts payable and accrued expenses increased \$17.4 million primarily due to a \$21.5 million increase to income taxes payable as compared to the fourth quarter of 2022.

Liquidity and Capital Resources

General

We expect that our primary capital requirements will consist of:

- Reinvesting in our business, including buying merchandise for the operations of Progressive Leasing. Because we believe Progressive Leasing will continue to grow over the long-term, we expect that the need for additional lease merchandise will remain a major capital requirement;
- Making merger and acquisition investment(s) to further broaden our product offerings; and
- Returning excess cash to shareholders through periodically repurchasing stock.

Other capital requirements include (i) expenditures related to software development; (ii) expenditures related to our corporate operating activities; (iii) personnel expenditures; (iv) income tax payments; (v) funding of loans receivable for Vive; and (vi) servicing our outstanding debt obligation.

Our capital requirements have been financed through:

- cash flows from operations;
- private debt offerings;
- bank debt; and
- stock offerings.

As of March 31, 2023, the Company had \$249.8 million of cash, \$350.0 million of availability under the Revolving Facility, and \$600.0 million of indebtedness.

Cash Provided by Operating Activities

Cash provided by operating activities was \$157.4 million and \$98.3 million during the three months ended March 31, 2023 and 2022, respectively. The \$59.1 million increase in operating cash flows was primarily driven by the \$20.9 million increase in net earnings and a \$80.8 million decrease in purchases of lease merchandise compared to the same period in 2022. Changes in certain working capital accounts also contributed to operating cash inflows. Other changes in cash provided by operating activities are discussed above in our discussion of results for the three months ended March 31, 2023.

Cash Used in Investing Activities

Cash used in investing activities was \$0.6 million and \$5.6 million during the three months ended March 31, 2023 and 2022, respectively. The \$5.0 million decrease in investing cash outflows was primarily the result of a \$5.1 million increase in proceeds from loans receivable, while the corresponding increase in cash outflows for investments in loans receivable was \$0.7 million.

Cash Used in Financing Activities

Cash used in financing activities was \$38.9 million during the three months ended March 31, 2023 compared to \$78.9 million during the same period in 2022. Cash used in financing activities in the three months ended March 31, 2023 was primarily for the Company's repurchase of \$36.5 million of its common stock, compared to \$78.1 million of share repurchases in the same period in the prior year.

Share Repurchases

We purchase our stock in the market from time to time as authorized by our Board of Directors. On November 3, 2021, the Company announced that its Board of Directors had authorized a new \$1 billion share repurchase program that replaced the previous \$300 million repurchase program. The Company repurchased 1,458,649 shares for \$36.5 million during the three months ended March 31, 2023. That amount does not include any excise tax that may be assessed on those repurchases. As of March 31, 2023, we had the authority to purchase additional shares up to our remaining authorization limit of \$300.8 million.

Debt Financing

On November 24, 2020, the Company entered into a credit agreement with a consortium of lenders providing for a \$350.0 million senior revolving credit facility, under which revolving borrowings became available on the date of the completion of the separation and distribution transaction pursuant to which our former Aaron's Business segment was spun-off into a separate publicly-traded company, and under which all borrowings and commitments will mature or terminate on November 24, 2025.

As of March 31, 2023, the Company had no outstanding balance and \$350.0 million remaining available for borrowings on the Revolving Facility. The Revolving Facility includes an uncommitted incremental facility increase option ("Incremental Facilities") which, subject to certain terms and conditions, permits the Company at any time prior to the maturity date to request an increase in extensions of credit available thereunder by an aggregate additional principal amount of up to \$300.0 million.

Our Revolving Facility contains certain financial covenants, which include requirements that the Company maintain ratios of (i) total net debt to EBITDA of no more than 2.50:1.00 and (ii) consolidated interest coverage of no less than 3.00:1.00. The Company will be in default under the Revolving Facility if it fails to comply with these covenants, and all borrowings outstanding may become due immediately. Additionally, under the Revolving Facility, if the total net debt to EBITDA, as defined by the Revolving Facility, exceeds 1.25, the revolver becomes fully secured for the remaining duration of the Revolving Facility term. As of June 30, 2022, the Company exceeded the 1.25 total net debt to EBITDA ratio and the Revolving Facility became fully secured. At March 31, 2023, we were in compliance with the financial covenants set forth in the Revolving Facility and believe that we will continue to be in compliance in the future.

On November 26, 2021, the Company entered into an indenture in connection with its offering of \$600 million aggregate principal amount of its senior unsecured notes due 2029 (the "Senior Notes"). The Senior Notes were issued at 100.0% of their par value with a stated fixed annual interest rate of 6.00%. Interest accrues on the outstanding balance and is payable semi-annually. The Senior Notes are general unsecured obligations of the Company and are guaranteed by certain of the Company's existing and future domestic subsidiaries.

The indenture discussed above contains various other covenants and obligations to which the Company and its subsidiaries are subject while the Senior Notes are outstanding. The covenants in the indenture may limit the extent to which, or the ability of the Company and its subsidiaries to, among other things: (i) incur additional debt and guarantee debt; (ii) pay dividends or make other distributions or repurchase or redeem capital stock; (iii) prepay, redeem or repurchase certain debt; (iv) issue certain preferred stock or similar equity securities; (v) make loans and investments; (vi) sell assets; (vii) incur liens; (viii) enter into transactions with affiliates; (ix) enter into agreements restricting the ability of the Company's subsidiaries to pay dividends; and (x) consolidate, merge or sell all or substantially all of the Company's assets. The indenture also contains customary events of default for transactions of this type and amount. We were in compliance with these covenants at March 31, 2023 and believe that we will continue to be in compliance in the future.

Commitments

Income Taxes

During the three months ended March 31, 2023, we made net tax payments of \$2.5 million. Within the next nine months, we anticipate making estimated tax payments of \$73.7 million for United States federal income taxes and state income taxes.

Deferred income tax liabilities as of March 31, 2023 were \$126.9 million. Deferred income tax liabilities are calculated based on temporary differences between the tax basis of assets and liabilities and their respective book basis, which will result in taxable amounts in future years when the liabilities are settled at their reported financial statement amounts. The results of these calculations do not have a direct connection with the amount of cash taxes to be paid in any future periods.

Leases

We lease management and information technology space for corporate functions as well as call center space and storage space for our hub facilities under operating leases expiring at various times through 2027. Our corporate and call center leases contain renewal options for additional periods ranging from three to five years. We also lease transportation vehicles under operating leases which generally expire during the next three years. We expect that most leases will be renewed or replaced by other leases in the normal course of business.

Contractual Obligations and Commitments

Future interest payments on the Company's variable-rate debt are based on a rate per annum equal to, at our option, (i) the London Interbank Overnight Rate ("LIBOR") plus a margin within the range of 1.5% to 2.5% for revolving loans, based on total leverage, or (ii) the administrative agent's base rate plus a margin ranging from 0.5% to 1.5%, as specified in the agreement. Future interest payments related to our Revolving Facility are based on the borrowings outstanding at that time. Future interest payments may be different depending on future borrowing activity and interest rates. The Company had no outstanding borrowings under the Revolving Facility as of March 31, 2023.

On November 26, 2021, the Company issued \$600 million aggregate principal amount of Senior Notes that bear a fixed annual interest rate of 6.00%. Interest accrues on the outstanding balance and is payable semi-annually. The Senior Notes will mature on November 15, 2029.

The Company has no long-term commitments to purchase merchandise nor does it have significant purchase agreements that specify minimum quantities or set prices that exceed our expected requirements for three months.

Unfunded Lending Commitments

The Company, through its Vive business, had unconditionally cancellable unfunded lending commitments totaling approximately \$521.9 million and \$513.7 million as of March 31, 2023 and December 31, 2022, respectively, that do not give rise to revenues and cash flows. These unfunded commitments arise in the ordinary course of business from credit card agreements with individual cardholders that give them the ability to borrow, against unused amounts, up to the maximum credit limit assigned to their account. While these unfunded amounts represented the total available unused lines of credit, the Company does not anticipate that all cardholders will utilize their entire available line at any given point in time. Commitments to extend unsecured credit are agreements to lend to a cardholder so long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements.

Critical Accounting Policies

Refer to the 2022 Annual Report.

Recent Accounting Pronouncements

Refer to Note 1 to the condensed consolidated financial statements for a discussion of recently issued accounting pronouncements, including pronouncements that were adopted in the current year.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As of March 31, 2023, we had no outstanding borrowings under our Revolving Facility. Borrowings under the Revolving Facility are indexed to the LIBOR or the prime rate, which exposes us to the risk of increased interest costs if interest rates rise. Based on the fact that the Company had no variable-rate debt outstanding as of March 31, 2023, a hypothetical 1.0% increase or decrease in interest rates would not affect interest expense.

We do not use any significant market risk sensitive instruments to hedge commodity, foreign currency or other risks, and hold no market risk sensitive instruments for trading or speculative purposes.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures.

An evaluation of the Company's disclosure controls and procedures, as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended, was carried out by management, with the participation of the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), as of the end of the period covered by this Quarterly Report on Form 10-Q.

This evaluation is performed to determine if our disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act of 1934, as amended, is accumulated and communicated to management, including our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosures and are effective to provide reasonable assurance that such information is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms. No system of controls, no matter how well designed and operated, can provide absolute assurance that the objectives of the system of controls are met, and no evaluation of controls can provide absolute assurance that the system of controls has operated effectively in all cases. Our disclosure controls and procedures, however, are designed to provide reasonable assurance that the objectives of disclosure controls and procedures are met.

Based on management's evaluation, the CEO and CFO concluded that the Company's disclosure controls and procedures were effective as of the date of the evaluation to provide reasonable assurance that the objectives of disclosure controls and procedures are met.

Changes in Internal Control Over Financial Reporting.

There were no changes in the Company's internal control over financial reporting, as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934, during the three months ended March 31, 2023 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we are party to various legal proceedings arising in the ordinary course of business. While any proceeding contains an element of uncertainty, we do not currently believe that any of the outstanding legal proceedings to which we are a party will have a material adverse impact on our business, financial position or results of operations. However, an adverse resolution of a number of these items may have a material adverse impact on our business, financial position or results of operations. For further information, see Note 4 in the accompanying condensed consolidated financial statements under the heading "Legal and Regulatory Proceedings," which discussion is incorporated by reference in response to this Item 1.

ITEM 1A. RISK FACTORS

The Company does not have any updates to its risk factors disclosure from that previously reported in the 2022 Annual Report.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table presents our share repurchase activity for the three months ended March 31, 2023:

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs ¹
January 1, 2023 through January 31, 2023	—	\$ —	—	\$ 337,276,089
February 1, 2023 through February 28, 2023	—	—	—	337,276,089
March 1, 2023 through March 31, 2023	1,458,649	25.00	1,458,649	300,804,315
Total	1,458,649		1,458,649	

¹ Share repurchases are conducted under authorizations made from time to time by the Company's Board of Directors. The authorization effective November 3, 2021, provided the Company with the ability to repurchase shares up to a maximum amount of \$1 billion. Subject to the terms of the Board's authorization and applicable law, repurchases may be made at such times and in such amounts as the Company deems appropriate. Repurchases may be discontinued at any time.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

CERTIFICATION PURSUANT TO RULE 13a-14(a)/15d-14(a)

I, Steven A. Michaels, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PROG Holdings, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to me by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under my supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
